Education

Wilfrid Laurier University Waterloo, ON

Bachelor of Science in Computer Science *Sept. 2023 – May 2027*

- Relevant Coursework: Data Structures II, Algorithms, Object-Oriented Programming, Databases, Software Engineering, Discrete Structures

Projects

AI Resume Builder | *JavaScript, Node.js, Express.js, OpenAI API, MongoDB, JWT*

- Built a full-stack AI-powered resume builder using **React, Redux Toolkit, Node.js, Express, and MongoDB**
- Implemented **secure authentication** with JWT and bcrypt, including protected routes and role-based access
- Integrated **OpenAI API** to generate AI-assisted resume content and improve user productivity
- Designed RESTful APIs and managed data persistence using **Mongoose and MongoDB**
- Developed a responsive UI with **Tailwind CSS** and handled file uploads using **Multer** and ImageKit

Stock Price Prediction System | *Python, Pandas, Scikit-learn, yfinance, Matploblib*

- Built a **machine learning–based system** to predict next-day stock price movement using historical market data
- Collected and processed financial data using **Python** and **Pandas**, including open, close, high, low, and volume features
- Trained and evaluated a **Random Forest classifier** using **scikit-learn** with a train/test split strategy
- Visualized historical trends, predictions, and model performance using **Matplotlib**

AI-Powered Web Scraper | *Python, OpenAI API, REST APIs*

- Built an **AI-powered web scraping system** to extract and process structured information from websites
- Implemented web scraping pipelines using **Python** to collect and clean raw HTML data
- Leveraged **OpenAI API** to intelligently analyze, summarize, or transform scraped content
- Designed reusable scraping logic with error handling to support multiple web sources

Technical Skills

Languages: Python, Java, JavaScript, C/C++, TypeScript, HTML, CSS, SQL, Matlab, RStudio
Frameworks: React, Next.js, Flutter, Node.js, Express, Django, MySQL, Mongo, Tailwind, Redux
Developer Tools: Git, Github, Docker, Postman, VS Code, Intellij, AWS, PyCharm, Eclipse
Libraries: pandas, NumPy, Matplotlib
